## FROM MAREN WITH LOVE

**The Game of Life** - I'm sure you've experienced walking into a room where two people have been arguing. The minute you walk in, they stop. You ask, "What's going on?" They reply, "Nothing". Although you didn't hear the argument, you can still feel the anger in the room. You know their "nothing" isn't nothing.

Only a very small percentage of our communications is verbal. More than half comes from the energy of the emotions we are experiencing and sending out. When we can bring what we are feeling and what we want into integrity with our communications, we gain a level of self-awareness and authentic power.

Many of us have created all kinds of games we use to communicate at this non-verbal level and aren't even consciously aware of most of them. Some of them work, and some of them don't. Your inner observer can see these things about yourself without self-judgment, guilt or shame. It takes courage, patience and compassion to do this, but the rewards far out weigh any fleeting pain you may experience as you heal.

You can correct any habitual patterns you have with your emotions instead of allowing your emotions to control you. Instead of reacting, you can choose how you want to be in your life and the world. You can choose how you want to experience your game called life.

Love, Maren

## THE GAME OF LIFE WORKSHOP

### Is Your Game supporting Your Life...

We are all born in this life with no instruction manual to follow, not knowing how to play this game called life. How would you like to check back with the designer and learn the rules of the game?

More than half our communications are unspoken and delivered on the feeling tone, which opens up the left (Analytical) brain and the right (Creative) brain. When you tap into the full potential of both hemispheres of your brain, you communicate more effectively.

The Game was created by Marshall Thurber, Buckminster Fuller and Werner Erhard; all forerunners of personal growth programs and considered by many to be geniuses of our time.

Players are instructed to portray four empowering words from the feeling tone through team support, individuals break through barriers that prevent more healthy communications, better relations and abundance.

### What you will receive from The Game of Life

- Turn fear into power.
- Improve and enhance intimate and business relations by learning to communicate more effectively
- Through team interaction and support you will recognize and release old patterns that prevent you from experiencing life joyfully and fully.
- Learn how to heal childhood wounds to bring that energy and focus into the present to create what you want.
- Take control of your life through conscious awareness and self confidence.
- Life Breathing (Connected Breathing) group sessions release blocked energy and integrates the whole experience at a cellular level.
